#### Overview:

Delta™ harnesses combine a set of “industry-first” advancements, with popular features making them the workhorse of the industry. Today’s Delta™ represents the culmination of more than twenty years of design, research, manufacturing know-how and on-the-job performance. Delta™ harnesses are as tough as the guys who wear them. They feature coated, corrosion-resistant hardware, water-repellant and abrasion-resistant webbing and a build quality that is second to none. A patented triangular design gives Delta™ harnesses a shape of their own, so you can don them quickly and easily. Throw it in the tool-box or in the back of your truck, think you can tangle it? Just pick it up and it’s ready to put on, tangle-free. The Delta™ pad also incorporates a web spreading design, positioning webbing wider apart on shoulder straps to eliminate abrasion on your neck.

## Delta™ Construction Style Positioning Harness - Loops for Belt

**Model: 1103512**

Back and side D-rings, pass-thru buckle leg straps, loops for belt (size Universal).

#### Overview:

ExoFit™ XP delivers the ultimate in comfort. It is the culmination of our experience including the original comfort harness ExoFit™, ongoing research, new materials and innovative features. Its design incorporates a single piece of material that wraps around you in the shape of an X, for the ultimate in no-tangle donning and comfortable security. Its state-of-the-art 3-D mesh lining allows moisture to evaporate and cool air to circulate throughout the shoulder, back, hip and leg pads. This padding is removable and completely washable. XP materials are soft and lightweight, yet extremely durable.
